

The Chamber's purpose is to help unlock business vitality for our region.

SETTING A NEW DIRECTION

Advocacy

Advocating on behalf of members is a key role for the Chamber, and we are keen to position the Chamber as a lead on all key issues facing members. We want to ensure we have a productive relationship with local and central government so that when issues hit the media, we already know and are supportive of the initiative. The Chamber doesn't want to be in a position where we are at odds, and the only way to do this is to work alongside the decision makers early and constructively.

Networking

The Chamber also wants to be known as the first point of contact for business networking opportunities and have close and effective working relationships with key business agencies. We are working hard to bring you a range of topical speakers and Business After Fives where you can meet many other local businesses.

Business Development and Training

The Chamber is also working to ensure there is an appropriate level of business education and information to support the needs members. We want to connect economic development issues to the interests of our members, and to partner with key educational providers to create the environment for business education.

Trade

Another aspect of the Chamber's service is to assist members to trade and export through the provision of export certification documentation. Trade is a critically important part of Marlborough's economic success, so it is important the Chamber is enabling in this space. All of these areas of focus will ultimately provide maximum benefits for Marlborough Chamber members. We continue to explore additional value opportunities and discounts.

ABOUT US

The Chamber is a not-for-profit membership-based service organisation that has been the home and voice of business in the Marlborough region since 1887. Comprised of over 350 members, the Chamber actively provides and promotes a range of programs and initiatives that are congruent with our mission: to be the most valued first point of contact for business support and advocacy in Marlborough.
